

Job Role: Business Consultant
City: Lucca

We're looking for a Business Consultant with technical aptitude and Accounting or Finance knowledge. The ideal candidate will join our dynamic team will consult on the implementation of the CCH Tagetik application.

What will you do:

Through a combination of product training and by working with our team of seasoned senior consultants, you'll acquire a solid knowledge of the CCH Tagetik application.

You'll manage the interaction with clients to identify business issues or areas for improvement, combine it with your experience to help build innovative solutions to solve our customers' business problems.

You'll document and then support the implementation of the resulting solutions.

You'll deliver innovative business consulting, business process design, systems integration, and application design to both commercial and public sector organizations in over a dozen industries worldwide.

You'll acquire valuable skills, gain access to a vast and diverse network of talented professionals, and enjoy unparalleled training and educational opportunities.

DESIRED SKILLS:

Bachelor's degree in one of the following areas: Economics, Computer Science, Computer engineering, Management Engineering, Statistics and Mathematics

Good analysis and problem-solving abilities are essential

Good knowledge of Microsoft Office in particular Excel

Curious about innovation and digital

Interpersonal skills and ability to build and maintain relationships

Employ a collaborative approach with cross-functional team members, technology leaders, and stakeholders to build solid working relationships

Fluent in English

Travel required (50%)

PREFERRED SKILLS:

Good command of MySQL databases, JavaScript and HTML language

Knowledge of ERP management information systems

General computer skills (database, programming)
