Why, How and Where Leaving Fossil Fuels Underground

LORENZO PELLEGRINI

International Institute of Social Studies, Erasmus
University Rotterdam

THURSDAY, 30 MAY 2024
2:00 PM

Seminar Room 237, DEM

A B S T R A C T

In this seminar, Lorenzo Pellegrini will present the rationale for matching policies to limit the supply of fossil fuels with the standard policies to limit their demand/consumption. The advantages and challenges of implementing 'supply-side' policies will be discussed together with real existing initiatives to limit the extraction of fossil fuels.
